Danny:

Forwarded herewith is the projected FY-83 SLUC surplus. (Please note that funds have been provided for [] should our negotiations with GSA over this issue falter.)

As you know, we have already submitted proposals to cover Project MERCURY FY-83 and FY-84 shortfalls. If some portion of those proposals are not acceptable, I suggest that the SLUC surplus could be applied to MERCURY.

Assuming that the MERCURY problems are resolved, I recommend that the SLUC surplus be used to surge fund ODP's Amdahl V-8 (\$548K), purchase replacement safes for insecure, health
